

## Homeschool Resources

As homeschooling continues to grow in Massachusetts and nationwide, the number of available resources to support homeschooling parents and students has also expanded. At MFI, we are dedicated to encouraging and empowering parents to reclaim their children's education. Below, we've compiled a list of helpful resources to assist you in your homeschooling journey. Please note that this is not an exhaustive list. While many of these resources identify as Christian, we strongly encourage parents to conduct their own research to determine whether a particular option aligns with their family's needs and values.

### Online School and A-La-Carte Options

Online schools provide a focused, comfortable environment where students can access a comprehensive educational system from their homes. Many of these schools offer dual enrollment options, allowing high school students to get a head start on higher education conveniently and cost-effectively. Some online schools provide full-service educational packages that include grading, record keeping, and transcripts, while others offer a-la-carte options. These a-la-carte options enable students to participate in rigorous courses with like-minded peers while allowing parents to maintain primary control over most aspects of their child's education.

**Angelicum Academy** – Offers live online classes for grades K-12. It also offers an entirely asynchronous (recorded video) online homeschool program for grades 9-12—the Greats Honors Program—using lectures by professors from around the world through Wondrium's Great Courses, paired with online tutors and lesson plans for each subject.

**Classical Learning Resource Center** – Offers live, interactive online classes for grades K-12. 24/7 access to assignments, grades, and class resources. Also offers dual enrollment options for college credit for high school students.

**Cornerstone Christian Schools Online** – Offers a full-time virtual education from a Biblical worldview for students in grades 5-12, with a focus on providing families with a flexible and innovative learning model. Courses are facilitated by teachers with learning content delivered through an asynchronous (recorded video) model of learning. The students will read the material, watch content videos, and work through the learning activities and assessments at their preferred time and location.

**Enlightium Academy** – Offers fully accredited, Christian-based online education, homeschool support, and live instruction for K-12 students, nurturing academic excellence and spiritual development.

**Freedom Project Academy** – Fully accredited online academy offering Judeo-Christian classical education for grades K-12. Features include live interactive online classes, recorded 24/7 access to anytime classes, and live teachers and academic advisors.

**Homeschool Legal Defense Association Online Academy** – Online learning for grades 7-12 offering interactive coursework with a live instructor and other students. Allows parents to choose courses that best suit their students.

**Ignite Christian Academy** – Fully accredited online school offering Christian education for grades K-12. Students attend online lessons with real-time instruction and interaction with teachers and other students. Offers dual college credit program for high school juniors and seniors.

**iLumenEd** – Offers live, virtual instruction for grades 6-12. Parents can enroll students for a full course load or select courses a la carte through both synchronous (live teachers) and asynchronous (recorded video) formats. Accredited by leading Christian and secular organizations.

**Kolbe Academy Home School** – Customized classical education for grades PreK-12 allowing parents to mix and match traditional homeschool, live online, and asynchronous (recorded video) course formats.

**Liberty University Online Academy** – Accredited, K-12 online academy that offers dual enrollment programs for college credit courses. Courses are offered in both full-year and half-year formats.

**Monarch** – Online homeschool curriculum and classes for grades 3-12.

**Switched-On Schoolhouse** – Comprehensive homeschool online curriculum that offers computer-based learning for grades 3-12.

**The Potter's School Online Homeschool Academy** – Provides online core academic courses for K4-12, including early college. Hallmarks include high academic standards, a thoroughly integrated biblical worldview, and timely effective feedback. Offers student trips, camps, and other opportunities for community and service.

**Veritas Press** – Offers three ways to learn with curriculum kits, self-paced courses, or live online courses. Also offers dual enrollment college credit options for high school students.

## Hybrid Schools

Hybrid schools offer a blended learning model that combines home-based instruction with traditional classroom experiences. These schools provide the structured classroom environment that many parents and students appreciate while allowing for significant parental involvement in the student's academic journey.

**Abeka Academy** – Video lessons for grades K4-12. Dual credit program offers college credit courses. Aids schools and homeschools worldwide in providing a biblically based K-12 curriculum. Offers professional training for educators with both accredited and independent studies.

**Christian Liberty Academy School Systems** – Satellite Christian education with full program enrollment options which include testing, record-keeping of grades, and official graduation certification. Offers an independent family administration plan using a variety of curricula. Seeks to empower and use parents to school their children for hands-on education. Selects from a wide variety of curricula to offer an in-depth study of the role of the Christian life in every subject. Assists with school boards and the law, if needed. Includes complete transcripts and certified high school diploma.

**Mother of Divine Grace School** – Classical, independent Catholic study program for grades PK-12 which allows parents to design their own curriculum.

**Seton Home Study School** – Distance learning program designed to help parents with the Catholic education of their children, in all subject areas for grades K-12.

**University Model Schools (UMS)** – Combines the best attributes of traditional schooling and homeschooling and integrates them into one model. Provides a five-day academic program with students spending 2-3 days in the central classroom and 2-3 days in their "satellite classroom" at home. Teachers direct all instruction. Offers college-preparatory education that gives parents more time to impart their faith and values to their children.
